No 207

LIAO YANG TAKEN

First Decisive Result of the Great Battle.

UROPATKIN CUT OFF FROM MUKDEN

Port Arthur Stills Holds Out.

RUSSIANS IN RETREAT.

Tokio, September 1.—The Russian right and centre defending Liao Yang to the southward, are retreating this (Thursday) afternoon. The Japanese are pursuing the Russians.

Mukden, August 30.—(Delayed in transmission).—A Japanese force of 20,000 men is reported to be advancing from the northeast of Mukden.

KUROKI CROSSES THE RIVER.

St. Petersburg, Sept. 1.—General Kuroki's force is crossing the Taitze river on pontoons. One division is already across and others are now crossing.

St. Petersburg, Sept. 1.—The battle at Liao Yang last night continued until midnight with frightful slaughter, when the Japanese at last succeeded in getting a column across the river just east of Liao Yang. General Kuropatkin then gave the order to fall back on the main works, but owing to the Japanese pursuit this movement was not executed. The armies slept in their positions. Kuropatkin is now protecting himself in his outlying positions.

MORE VESSELS FOR RUSSIA.

Copenhagen, Sept. 1.—Russia has equipped two steamers, the Brea and Ritz, belonging to the Danish Russian East Asiatic steamship auxiliary cruisers. The vessels will be attached to the Baltic squadron.

RUSSIANS LOSE HEAVILY.

Rome, September 1.—A despatch from Liao Yang says: "The Russian losses at Liao Yang so far are 1,500 killed, wounded and taken prisoners, 31 guns destroyed, and 16 guns, four thousand rifles and two hundred wagons captured. The Japanese losses are estimated at 1,200 killed and wounded."

New York, Sept. 2.—Yesterday's news from the seat of war closed with the receipt of two despatches giving information of a most significant character, as bearing on the domination of Manchuria at the close of the present campaign. The first came from the Associated Press correspondent at St. Petersburg, and was filed there at 10.16 p.m. It said Gen. Kuropatkin had withdrawn his whole army to the right bank of the Taitze river to meet General Kuroki's flanking movement. The inference drawn from this despatch was that Liao Yang had been evacuated and the city lying on the left bank of the river. Nothing to confirm this was received until several hours later, when a despatch from the Associated Press correspondent at St. Petersburg, dated Sept. 2, and time date 12.06, this morning that news of evacuation of Liao Yang and the withdrawal of the Russian army to the right bank of the Taitze river, has caused intense excitement and disappointment.

Later in the morning the St. Petersburg correspondent of the Associated Press obtained an opinion from the war office that the withdrawal to the right bank of the Taitze river became necessary so that the Russians would be able to repel the blow in that direction, and that General Kuropatkin's movement was the carrying out of a well defined plan rather than a retreat. The same despatch points out with notable lack of comment, that the Japanese took advantage of General Kuropatkin's withdrawal to occupy the city of Liao Yang.

The second despatch, which may have a significant bearing on the campaign is that filed at 9.27 p.m. Thursday, stating that the train service between Mukden and Liao Yang had been interrupted, and it may mean the cutting of railroad communications, which would deprive Gen. Kuropatkin of the opportunity to retreat to his more northern base at Mukden. As pointed out in the St. Petersburg despatch, the Mukden correspondent does not mention whether telegraphic communications are open.

A despatch from Tokio, filed there at 2 p.m. Thursday, said that the popular estimate of the date of the fall of Port Arthur, is inclined to the last week in September.

Tokio, Sept. 2.—It is reported here that a conflagration is raging at Liao Yang.

OUR NEW GOVERNOR GENERAL.

Earl Grey has been Officially Appointed the Governor General of all Canada. Has had Political Experience

Ottawa, Ont., Sept. 2.—Earl Grey has been appointed Governor General of Canada. He is the fourth earl. The earldom was created in 1816.

Albert Henry George Grey was born on November 27th, 1851, and is therefore 53 years of age. He was the son of General Hon. Charles Grey and Caroline Naughton, daughter of Sir Thomas Harvie Farquhar.

Canada's Governor General succeeded his father in the earldom in 1891.

He married the third daughter of Robert Stayner Halford, M.P., West-

onbury, Gloucestershire. Earl Grey

has had political experience, being

elected as a Liberal for South North-

umberland in 1880 and sat for the con-

stituency until 1885. He represent-

ed Tyneside, Northumberland, from

1885 to 1886, and was administrator of

Rhodesia from 1896 to 1899. He is

also director of the British South Af-

rican company. Earl Grey has an es-

tate of about 17,000 acres.

JOHN CAMERON & CO.

NEW C. P. R. LINE**EAST FROM LACOMBE**

To Tap the Rich Buffalo Lake and Red Willow Districts. Grading now Under way

The Canadian Pacific Railway filed plans for their branch railway from Lacombe east twenty-seven miles to the south-east section 36, township 39 range 28 west of the fourth meridian. This line was surveyed some time ago, and although active grading operations have been commenced in several places, the plans had not been filed. The line leaves the Lacombe station site at Barnett avenue and takes a north-easterly direction following pretty closely the Buffalo Lake trail. It passes about one mile south of Urquhart post office and heads north-east and east towards Tall Creek a short river emptying into the Red Deer River. It does not extend this far however, at least the plans so far filed only show the road to a point about ten miles east of Haynes post office. The railway taps the Buffalo Lake ranching country, the fertile Red Willow mixed farming districts, and the very extensive coal deposits at Coalbanks, not far from Haynes post office, and all along the Red Deer river in this district.

Starting from the south-east quarter section of 36, township 40 range 28 west of the fourth meridian, the grade proceeds through the following sections: sw 29, se 29, sw 28, se 28, sw 27, se 27, se 27, ne 27, nw 26, ne 26, nw 25, sw 25, and se of 36 of township 40 range 26; the sw 34, nw 31, ne 31 of township 40 range 25; the se 5, sw 5, se 5, of township 41, range 25; the ne 32, nw 33, ne 33, nw 34, ne 34, se 34, sw 35, se 35, sw 36 of township 40 range 25; the sw 31, nw 30, ne 30, nw 29, ne 29, nw 28, sw 33, se 33, sw 34, se 34, sw 35, se 35, ne 26, nw 25, ne 25, se 25 of township 40 range 24; the sw 29, nw 19, ne 19, se 19, sw 20, nw 17, ne 17, nw 16, ne 16, se 16, sw 15, nw 10, sw 10, se 10, ne 3, nw 2, sw 2, se 2, ne 35, nw 36 of township 40 range 23; the sw of 36 and se of 36 of township 39 range 23 west of the fourth meridian.

The railway will be a great boon to the Buffalo Lake, Red Willow and surrounding districts.

NEW LAUNDRY

The new steam laundry building on Queen's avenue, a short distance north of the market square, is nearing completion. It is a first-class two-storey frame building 50x35, and has been neatly painted. It will be opened immediately on the receipt of a drying machine which is causing some delay by its non-arrival. Ample office rooms have been fitted up in the building and telephone connection installed. It will employ upwards of twelve persons to start with and if the laundry meets with good encouragement, the staff will be considerably increased. Messrs. Dowling and Knight, the proprietors, have had considerable experience in this line of business across the line.

LITTLE-MURCHISON

A very pretty wedding took place Wednesday evening at the home of Mrs. Murchison, when her daughter Mary was united in marriage to Mr. William Little, formerly of Winnipeg. The ceremony was performed by Rev. Mr. Rodger. The bride looked charming in white silk voile over tiffeta. She was attended by her cousin, Miss Florence McCrimmon, who looked very pretty in silk organdy trimmed with chiffon. The groom was assisted by his brother, Dr. Little, of Leduc. Over the bride party hung a bell of sweet peas made by the lady friends of the bride. The groom's present to the bride was a gold bracelet and to the

bride a pearl sunburst brooch. None but the immediate relatives of the bride were present. The young couple were the recipients of many beautiful presents from friends far and near. After lunch the happy couple drove to their home on Namayo avenue amid showers of rice and good wishes.

Medical Association Officers

At the recent meeting of the Canadian Medical association in Vancouver, the following officers were elected for the ensuing year: President, Dr. John Stewart, Halifax; vice-presidents, Dr. McLaren, Montague Bridge, P. E. I.; J. B. Black, Windsor, N.S.; A. B. Atherton, Fredericton, N. B.; Jos. E. Dube, Montreal, Que.; H. Meek, London, Ont.; W. E. England, Winnipeg, Man.; H. C. Wilson, Edmonton, N. W. T.; R. E. Walker, New Westminster, B.C.; local secretaries, Dr. H. D. Johnson, Charlottetown, P. E. I.; G. C. Jones, Halifax, N. S.; T. D. Walker, St. John's N.B.; J. D. Cameron, Montreal, Que.; D. Stewart, Palmerstone, Ont.; Dr. Popple, Winnipeg, Man.; Dr. Hewettson, Pincher Creek, N. W. T.; Dr. A. S. Munro, Vancouver; general secretary, George Elliott, Toronto; treasurer, Dr. H. B. Small, Ottawa; executive council, G. M. Campbell, Halifax; J. Ross, Halifax; C. D. Murray, Halifax; place of meeting, 1905, Halifax, N.S.

SALES OF FARM MACHINERY

An implement man who spent a few days in Edmonton this week, and one who is in a position to command the figures, that will give him power to speak authoritatively on the subject, informed the Bulletin that more harvesting machinery was sold or transferred from their Edmonton office, and he believed the same to be true with the other companies, for the Edmonton district this year than what was sold from all the other offices of that company in every town between Calgary and Edmonton, not including Calgary. This is a remarkable statement and shows clearly the great growth and expansion the Edmonton district has enjoyed in the last year or two. The total deliveries of farm machinery all over the Territories have not been compiled this year as yet, but last year's returns show that more farm machinery was sold from the different points along the Calgary and Edmonton line, including Calgary and Edmonton, than from all the rest of the Territories together. This shows the immensity of the agricultural trade and agricultural development in Alberta and more particularly in the Edmonton district.

Interested in the West

Herald:

J. R. Boyle, the Edmonton lawyer, was in Calgary yesterday en route home after a month's vacation in the east.

"Some years ago I noticed that when I went down to Winnipeg the merchants would always enquire anxiously about crops in Alberta," he observed. "This time I observed that Toronto and all Ontario is interested in the west. The first thing a big wholesale merchant said to me when I met him in Toronto was, 'How will the oat crop run around Edmonton?' I found this feeling about the condition of the west very general. I believe it has reached the point now where the east relies a good deal more than many people imagine upon the west. If the west is prosperous the east reflects the prosperity. If the west can't pay its debts and takes volumes of eastern manufactured products the east finds business dull. To my mind this indicates the great change that is taking place."

Ross Bros. Ltd.

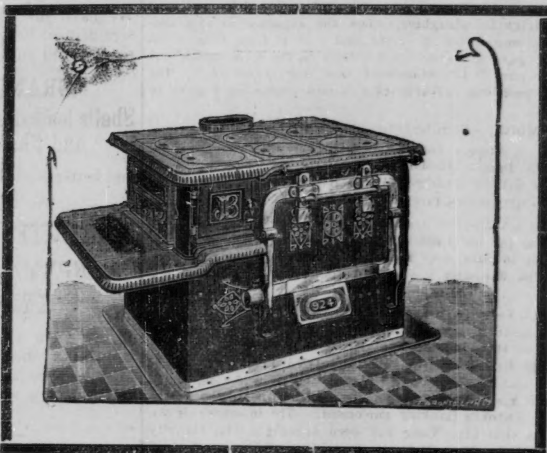

Just a few words further about

Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store,

Ross Bros., Limited.

GRANOLITHIC SIDEWALKS

The first granolithic pavement in town is being laid down in front of the Alberta Hotel, on both Jasper and Fraser avenues. The work is being done at the request of the proprietor of the hotel, Mr. Gröenson, and will be paid for by frontage tax on the property. It is being done by day labor under the superintendence of the town engineer. The engineer estimates the cost at 30 cents a square foot, but as it was something new in Edmonton, contractors were shy of taking the work at this price. The council therefore decided to do the work as an experiment by day labor under the engineer's superintendence, as a means of information as to cost for the future. The sidewalk will be twelve feet in width and 128 1-2 feet in length on Jasper, avenue and eight feet in width by 75 1-2 feet in length on Fraser avenue.

The estimated life of the granolithic sidewalk is twenty years, as against eight years of plank sidewalk. At 10 cts per square foot the granolithic will cost \$3.60 per running foot, as against about 75 cts per running foot of a plank sidewalk of the same width.

The sidewalks on Jasper avenue in the eastern end of the business part of the town are getting seriously out of repair, and will have to be renewed in one form or another at an early date. The question whether it is better to renew in granolithic or wood may very well come up for the serious consideration of the ratepayers; and as well the widening of the sidewalks. In the evenings at present the twelve foot sidewalks are frequently uncomfortably crowded, and the crowd is more likely to increase than decrease in the years to come. While the granolithic is much more costly at first than plank, and certainly has some disadvantages, there is no doubt that a granolithic walk gives a finished appearance to a business street that cannot be obtained by a city with only plank walks. The sanitary difference in favor of the granolithic is also very great, and it has also a great advantage in case of fire, as instead of aiding the fire to spread, it gives it no assistance whatever.

Even at the estimated cost per foot it does not seem that the price should prevent the placing of the sidewalks of the business portion of the city in permanently first-class condition as soon as a renewal has to be made.

THE CANDID FRIEND HEARD FROM

A Manitoba gentleman, named E. A. Burbank, formerly a supporter of the Conservative party has seen fit to announce his political change of heart in a somewhat lengthy letter addressed to Dr. Roche, M.P. for Marquette, in which constituency Mr. Burbank is a voter. Certainly Mr. Burbank has the faculty of expressing himself in terms that do not admit of being misunderstood. It may be that the ideas which have struck Mr. Burbank may have struck other men of a like mind, but who have not taken the trouble to give expression to their views, and that

therefore, his letter will be of interest. The main part of it is as follows:—

"At the approaching Dominion elections I shall certainly vote for the Liberal candidate in this constituency, provided he be a good clean man. And that you should understand me I desire to give you the following reasons why I feel convinced that the present organization of the Conservative party does not deserve the confidence of the Canadian people.

1.—For the reasons announced in my remarks at the banquet tendered to you at Marmora in December, 1900, which remarks were approved by the audience, by yourself, by a large section of the public press throughout the Dominion of Canada, and upon which I was the recipient of a congratulatory letter from that eminent philosopher and scholarly patriot, Prof. Godwin Smith.

2.—Because the Conservative party has corrected none of the evils nor initiated any of the necessary reforms which I pointed out at that time and with your hearty personal approval.

3.—Because the Conservative party is a purely one-man party, and that one man being dominated by a mere clique of eastern politicians, the Conservative party has ceased to be a party of the people.

4.—Because the Conservative party, having become essentially aristocratic, in its tendencies, it has forgotten the common people, lost its vitality, and fallen into a state of decay.

5.—Because the Conservative party at the present time is destitute of capable leadership, and of an intelligent platform of patriotic principles and has not for many years disclosed to the Canadian people any definite policy, plans or purposes for the betterment of our national existence.

6.—Because I believe the present leader of the Conservative party is a small man in a large place, who barely rises to the level of a common-sense opportunity. And because from first to last he has given no proof of true statesmanship, leadership or resource beyond being a common scold and an inveterate fault-finder.

7.—Because the Conservative party as at present organized, managed and led is a purely negative organization, seemingly having no other or better objects in view than the mere seizure and possession of the levers of power and cash pots of the land.

8.—Because the Conservative party has refused and failed, and still refuses and fails to take the rank and file of its adherents into its confidence and councils by assembling a national convention, and there suffer the intelligence and patriotism of the people to formulate a broad, comprehensive national policy for the general welfare.

9.—Because, to my mind, the Conservative party at the present time is purely eastern, and in no sense national in its management, sympathies and inspirations.

10.—Because Mr. Borden in making his flimsy, feeble, and evasive, and untrue, and single definite pledge or promise to the people of Canada as to what he and his party would do in the event of their accession to power. He outlined no specific, intelligible plan or purpose of a truly national character at any time or anywhere; but contented himself by promising the purest non-committalism, and telling the people that his policy was one of "adequate protection." He outlined no vague, indefinite and meaningless that it more closely resembled the language of an American or Russian diplomat than that of a serious British statesman.

11.—Because subsequent to the election of Mr. Borden's accession to the cabinet came the "biggest team" of the Dominion parliament known in our parliamentary history during which nearly all you Conservative members, like and big, old and young were and otherwise, discarded yourselves from a disingenuous departure from Mr. Borden's ostensible policy of non-committalism and came out straight for an increase in protection and tariff enough you preached lighter protection in one breath while in the very next you denounced Sir Wilfrid for not reducing his protection promises and lowering the tariff.

12.—Because I am unalterably opposed to ultra-protection, even to the present Liberal tariff, but I greatly prefer the playing tariff to the very much higher tariff advocated by you gentlemen who occupy the opposition.

13.—Because these and other considerations have convinced me that the present organization of the Conservative party is not worthy of a serious, intelligent and patriotic people.

Markets for Our Barley

Ottawa, Aug. 29.—Mr. Jardine, Canada trade agent in South Africa, reports to the department here.

Alexander MacLean, Canadian commercial agent in Japan, reports to the trade and commerce department from Yokohama. He says that business at the chief trade centres suffered an apparent disturbance for some days. Whilst the Vladivostok fleet was known to be off the eastern coast the steamship lines plying between Japanese ports and the United States have declined to take shipments of flour and other provisions coming under the Russian contraband rule. The flour carrying trade is not entirely suspended. There are vessels and speculative operators found who are willing to take the chances and there are known to be quantities of flour now afloat and expected to arrive at Yokohama.

Mr. MacLean says that the C.P.R.

steamers will likely be affected by the contraband bogey perhaps favorably. A new era in trade is expected with the fall of Fort Arthur. Mr. MacLean says that for soft lumber the Japanese look to Canada and the United States. British Columbia or what is known as "Oregon" pine is used in the city and suburban buildings, but the Japanese market for lumber, as for other products, must be studied. The consumer suspects that the Canadian and American markets are trying to overreach him and Japanese lumber is at once used.

The exports of lumber for 1902 were about \$23,880,000, as against \$4,700,000 for 1900. A little over double this amount was received from the United States in 1902. The trade is growing with Canada, and decreasing with the States. Mr. MacLean says it would be worth while for the people of the Northwest to give their attention to barley growing and malting for Japan. British Columbia should produce the hops and malt. Shipments of Canadian butter were received in excellent condition, and it was the best he had tasted since going to Japan.

M. LECLERC, PROP.

YOUNG ENGLISHMAN DROWNED

Below the Henry House in the Yellow Head Pass in the Athabasca River. He was unacquainted with the proper crossing of the river.

A young Englishman, whose name has not been ascertained, was drowned in the Athabasca river at Swift's place, below the Henry House in the Yellowhead pass about fifteen days ago. A party of four Englishmen, who left Edmonton on June 28th on a prospecting trip, arrived at the Athabasca at this point and attempted to make a crossing. The deceased had attempted to drive the pack horses into the river while on horseback. Urging his own horse into the river, which was very swift and rough at this point, the horse stepped onto some quicksand, stumbled and threw its rider into the river. The body did not come to the surface and when his companions had recovered it life was extinct. Every possible effort was made to revive him, but without success.

The party were heading for the head

of the Fraser river, where they intended spending the winter. Coming to the Athabasca, totally unacquainted with the country, and not wishing to delay to enquire, the effort which ended so fatally was made to cross. The river is rough and turbulent at this point and the life of the unfortunate young man was probably dashed out on the rocks before he could attempt to get out of the river. The body was buried near the scene of the accident and the party continued their trip to the head of the Fraser to their prospective winter quarters, directed by Mr. Gregg, of Jock and Gregg, traders. The deceased was about thirty years of age.

News of the drowning was brought to town by D. McDonald, to whom it was communicated by Mr. Gregg, of Jock and Gregg, traders in the Yellowhead pass.

MRS. DOWSETT KILLED

The sad news of the death in a railway accident near Sintuluta of Mrs. J. C. Dowsett, of Edmonton, was received in the city this morning. A telegram from Major Maude on the Governor General's train conveyed the distressing news to Mayor Short with a request that it be communicated to the bereaved husband. The telegram gave no particulars of the accident except that there was a head-on collision, but mentioned that Mrs. Dowsett's three children were safe, and were being brought in the Governor General's train to Calgary.

Mrs. Dowsett left Edmonton about six weeks ago to visit her brother in Winnipeg and other relatives, and was on her way home when death so suddenly overtook her.

LACROSSE

Strathcona and Edmonton play lacrosse on the Exhibition grounds this evening.

THE MARKETS

Butter. It is difficult to get satisfactory prices on butter as dealers quote differently. From 12 1/2c to 16c appear to be the prevailing prices, although higher has been paid for prints of first-class butter. The market is kept well supplied.

Eggs. Strictly fresh eggs bring 20 cents a dozen. The demand is very good. Nothing but strictly fresh eggs are wanted.

Potatoes—A great deal of potatoes are being brought in and 40 cents a bushel is being paid.

Poultry—Spring chickens bring ten cents a pound live.

Pork—Hogs are offering freely and bring from 3 1/2 to 4 1/2c a pound.

Hay—Hay brings from \$4 to \$6 a ton, a few loads bringing as high as \$6.50. Timothy brings from \$9 to \$11 a ton.

Oats—From 25 to 30 cents is offering for oats.

THE PROBS

The weather yesterday was somewhat warmer throughout the Territories. It was clear in Alberta and Saskatchewan. Rain is reported in Assiniboia and at several points in southern Manitoba. The forecast is, temperature likely to be quite high today in the Territories and about the same as yesterday in Manitoba. The general outlook continues favorable.

THE WEATHER

Winnipeg, September 1st:—
Edmonton, 63, 48.

The weather yesterday was cloudy and comparatively cool throughout the country. Rain was general in

the Territories. None was reported in Manitoba. The indications are, not much change in weather conditions, except probably that showers will be more prevalent in the eastern portion of the Territories and Manitoba. The temperature will remain about the same.

Note.—Absolutely no rain fell in this district yesterday. The morning was somewhat dull but the afternoon was bright and sunny.

Friday, September 2nd.

THE RIFLE MEET

AT OTTAWA

Captain Forrest of Vancouver Makes Large Score for Governor General's Prize

Bulletin Special Dispatch.
Ottawa, September 2.—Captain Forrest of Vancouver, is head in the first stage of the Governor General's prize, making 102 out of a possible 105. British Columbia has six men on the Bismarck team.

Ontario won the London Merchants' cup, British Columbia was second and Quebec third.

LIBERAL MEMBER

MAY RETIRE

Member for Russell Anxious to Leave Public Life. A Probable Successor

Bulletin Special Dispatch.
Ottawa, September 1.—The Free Press says that Dr. Wallace, M.P., for Russell, is anxious to retire from public life. While he has not made a definite announcement, the names of Liberals are being canvassed for a likely successor. Amongst others mentioned is Dr. Deschamps, of Rockland.

THE SOLICITOR SHIP

OF THE G. T. P.

Goes to Mr. M. K. Cowan, member of Parliament for South Essex

Bulletin Special Dispatch.
Windsor, September 2.—It is announced that Mr. Mahlon K. Cowan, M.P. for South Essex, will accept the solicitorship of the Grand Trunk Pacific at a salary of \$7,000 a year. He will be associated with W. H. Biggar, K.C., of Montreal.

OUR FLOUR IS PURE

NUMEROUS SAMPLES

From Points Throughout the Dominion Show that there is no Adulteration

Bulletin Special Dispatch.
Winnipeg, September 2.—The Department of Inland Revenue has issued a bulletin giving the results of the testing of 75 samples of flour collected throughout the Dominion. The analysis shows that there is no such thing in Canada as wheat flour adulterated either by the addition of finely ground plaster or by the mixture of good wheat with inferior and cheaper grades.

GETS A THOUSAND

C. P. R. OFFICE ENTERED

At Brandon and Thief Disappears with the Dough. The Governor General in Brandon

Bulletin Special Dispatch.
Brandon, Sept. 1.—While the C. P. R. ticket agent, D. B. Niblock, was absent at dinner today, the ticket office was entered and the cash and cheques stolen to the amount of over \$1,000.

The westbound transcontinental train today had on board the gubernatorial party. The train stayed only twenty minutes. Ald. Strone, Themisly and Trotter, representing the city council, John Inglis, president of the Board of Trade, and R. M. Matheson, chairman of the school board, were a deputation appointed to wait on the Governor General and present an address of welcome. The address was read by Ald. Strone, who spoke in eulogistic terms of the ability displayed by Lord Minto as a representative in Canada of the British Empire.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, Sept. 2nd.
An unknown girl committed suicide in Calgary.

Bart Grey will be Canada's next Governor-General.

Frank Burgess, of west Prince Albert, was drowned while duck shooting.

Lord Minto received a reception from Brandon and Regina citizens.

The C.P.R. depot at Brandon was robbed of \$1,000 at noon yesterday.

The mangled body of a man was found on the C.P.R. track at Muriello. Burglars raided an Estevan bank.

The Anglican deadlock in the Maritime provinces has ended in the election of Archbishop Worrell as Bishop.

A Revelstoke man got thirty days for counterfeiting. He made fifty cent pieces to use in beating a slot machine.

Thirty-one of a crew of a French fishing vessel perished on the Newfoundland bank. It is feared that the three remaining ones are lost.

The inquest on the Richmond railway wreck established that the blame for the accident rests with the conductor of the accident.

The rope holding a painting scaffold at Lethbridge broke, precipitating three workmen seventy feet. One is dead, and little hope is entertained for the other two.

British cruisers have hitherto failed to find the Smolensk and St. Petersburg, of the Russian volunteer fleet of steamers. The Russian warships have arrived in the Canary Islands.

The battle ground at Liao Yang has changed, the Japanese compelling the Russians to cross the Taizho river to avoid entrapment. Liao Yang is evacuated, and it is believed that communication with the Russian base at Mukden is cut off.

MAXWELL MAN

SHOT THROUGH THE HEART

No clue yet Found to the Cause of the Unfortunate man's Death

Bulletin Special Dispatch.
Maxwell, September 2nd.—Sanderson Clemis was found shot through the heart near his home here. It is not known how it occurred.

TERRIBLE ACCIDENT

AT LETHBRIDGE

Three Workmen Joking About Their Perilous Position Suddenly Hurlled to the Ground

Bulletin Special Dispatch.
Lethbridge, September 2nd.—Walter Roup, George Moore and Albert Lombard fell seventy feet from a new steel waterworks tower here late yesterday afternoon. The latter is dead, and the other two are probably fatally injured.

All came six weeks ago as employees of the Chicago Iron & Bridge Works to build an eighty foot tower for the town system. Without mishaps, the ironwork was completed. They began to paint it, doing work from a steel cage suspended by rope and pulleys from the top. After dinner the three men were hoisted to the top of the painted strip. Then one jokingly called out to the man at the windlass, "Let her go!" "Don't say it like that, said one, "it might go sooner than we wanted." Just as he said it the rope parted and the heavy cage with its human freight crashed down the seventy feet, striking the concrete foundation. Lombard kept his seat, but when his feet struck the ground both ankles were broken, the bones protruding from the side of his boots. All three have arms and legs broken and internal injuries. The injured were removed to the hospital where Lombard died.

CHILD KILLED

BY STREET CAR

In Toronto While Attempting to Cross Street in Front of it

Bulletin Special Dispatch.
Toronto, Sept. 1.—Kathleen Cookburn, aged eight years was killed at noon today by a streetcar, while attempting to cross in front of it.

PUBLIC SCHOOL

THE GOVERNOR-GENERAL

Will Lay the Corner Stone of the New MacKay Avenue School on September 10th

The Edmonton Protestant Public school board wired the Governor General, Lord Minto, an invitation to officiate at the laying of the corner stone of the new MacKay avenue public school. They are now in receipt of a reply stating that the Governor General will be pleased to preside at the laying of the stone on the morning of September 10.

Everything has been arranged. The contractor has been given orders to run one corner of the wall up at once and the corner stone has been prepared. The box and its contents are now being prepared so that everything will be in readiness when the Governor General arrives.

ENGINEERS ORGANIZE

An organization meeting of the local engineers was held in the fire hall last night. A union was formed which commences with a membership of about thirty-five.

The following officers were elected for the ensuing year:—

President, W. A. Brewster.
Vice-President, Thos. Moties.
Recording Secretary, Mr. Kelly.
Financial Secretary, J. D. Maventy.
Treasurer, W. A. Clark.
Conductor, T. Rattray.
Guard, Mr. Lehman.
Trustees, Messrs. Bailey, Simonsen and Hutchings.

REVILLON BROTHERS, Limited

HIGH SCHOOL

ATTENDANCE

Is Very Satisfactory. Indications Point to a Most Successful Year's Work

The Edmonton High School opened this week and sixty-one pupils have already been enrolled. A number from the town and country who will resume work this fall have not yet returned to school. It is expected that the attendance will reach seventy-five before the end of the month. The present enrollment of the school is a good deal the largest in the Territories and this notwithstanding the nearness of the Alberta college and the Strathcona high school.

Among the new students from outside points attending the High school this term are:

Standard VIII. Rose Wooster, St. Thomas, and Robert Grant, Wetaskiwin.

Standard VII. Lillian Lundy, Innisfail; Fred Parny, Ridgetown, Ont.; and Lily Doze, Clover Bar.

Standard VI. John McLeod, Wetaskiwin; Eddie McLeod Belmont; Harris Mitchell, Belmont; John Knott; Gertrude Allan, Arnprior, Ont.; Laura Gagnon, St. Albert; Elizabeth Kennedy, Poplar Lake, Helen Sulherland, Spruce Grove; Clara Schroter, Clover Bar; and Margaret Wallis, of Fort Saskatchewan.

Besides these, of course, there are a number of new pupils from Edmonton itself.

The past year has been a very successful one in the history of the school. It has a higher record for sending more students up for examination and passing more at the last examination than any school in the Territories. Present indications are for one of the most successful years that the school has yet seen.

Western News

Prince Albert Times: Accompanied by Judge Maguire, the Mayor and Councillor Bradshaw met the train bearing the officials of the Grand Trunk Pacific Railway company on its arrival and the majority of the party went for a walk around the town, during which the chief points of interest were pointed out. They were very favorably impressed with the appearance of our town and expressed great surprise when they were told of the importance of some of our local industries. They were particularly struck with the river and seemed to be greatly impressed with its possibilities as a commercial highway. After the promenade the town delegation was invited by President Hays to visit him in his train where they were most agreeably entertained till about ten o'clock, when the distinguished party started back to Regina.

The Formal Opening of

FIT-REFORM

WARDROBE

Was a most gratifying Success.

Not only the men, but ladies, too, found much to admire in this ideal showing of Winter Suits and Overcoats. And after we have demonstrated the faultless quality of the fabrics—the peerless tailoring—the perfect fit of every garment—and explained just why “FIT-REFORM” CLOTHING were tailor-made yet ready to wear, there was only one exclamation: “How can you sell such splendid clothes for so little?”

We explained that, too—how, by making and selling thousands of Suits and Overcoats where others sell a dozen or two, we keep the cost of tailoring and retailing down to the minimum.

We had no idea of selling a single garment on “Opening Day.” We wanted you to SEE, first of all. But so many men found just the Suit or Overcoat they wanted, it fitted so perfectly, and the price so much LESS than what they had expected to pay, that they purchased it on the spot.

If you didn't get the chance to attend the “Opening,” come to-day or to-morrow, or when you can

COME TO SEE—YOU ARE WELCOME ALWAYS

whether you buy or not. Suits and Overcoats
\$12.00 to \$30.00. Trousers \$3.50 to \$6.00

J.H. Morris & Co.

MAY'S COAL COMPANY

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with cultivate 30 acres of his homestead, buildings for their accommodation, and have besides 30 acres sub-tenanted.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Tenders for a License to Cut Timber on Dominion Lands in the District of Saskatchewan.

Sealed tenders, addressed to the Timbers and Mines branch, Department of the Interior, and marked on the envelope, "Tender for Timber Berth No. 1172," will be received at this department until noon on Wednesday, the 5th October, 1904, for a license to cut timber on Berth No. 1172, situated in the district of Saskatchewan in about Township 58, Range 6, West of the 4th meridian, and comprising 2 1-2 square miles, be selected on the east shore of Valley Lake, outside of the Indian Reserve, having a frontage on said lake of two miles, with a depth of 1 1-4 miles.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license. No tender by telegraph will be entertained.

PERLEY G. KEYES,
Secretary.

Revillon Brothers

LIMITED

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—Train on time.

—L. Lepage last week sold half a section of land in the Fort Saskatchewan district, for \$4,800 cash.

—Lacrosse on the Edmonton exhibition grounds tonight, Edmonton vs. Strathcona.

—The Golf Club tournament is postponed for a week owing to the absence of several members.

—Mr. Brandon, manager of the Crown Tailoring company is spending a few days in the district. R. Hockey drove him to Fort Saskatchewan today.

—A very successful rehearsal of the American military drama, the Confederate Spy was held in the Thistle Rink last night.

—Evan Moberly, trader in the Yellow Head Pass, was burnt out a few days ago and lost his whole stock of goods. The loss is a particularly severe one.

—A telegram from Rev. D. G. McQueen to Mrs. McQueen says that he will be at Calgary on Saturday and home on Monday, returning from his visit to Scotland.

—D. McDonald is in the city today from the Yellowhead Pass. He has been with a Grand Trunk survey party, and has left his pack horses at Lac St. Anne.

—Today is fine and warm, the thermometer registering 71 degrees at noon. This is just the weather that the district wants. Harvesting operations are being rushed ahead rapidly.

—Alex. McIlroy, of Horse Hills, was in the city yesterday. He reports harvesting operations well advanced. The crops in this district will be very heavy.

—Tickets for the Edmonton Operatic and Dramatic Society's dance in Thistle Rink may be obtained from J. H. Goodenough at the office of the Canada Permanent.

—P. E. Pilkie was in town yesterday from forty miles this side of Lloydminster, purchasing supplies. The district in which he is located is well settled and application is being made for a post office and school district.

—A. W. Lee, president of the Lee syndicate of Ohio newspapers, is in Edmonton today in the course of a trip through the West. The Ottumwa Courier, the Davenport Times, and the Muscatine Journal are under the control of Mr. Lee's syndicate.

—The Fort Saskatchewan baseball team have sent word that they will be in Edmonton on Monday, Labor Day, to play a game with the Edmonton nine. This should be a splendid match, as the Fort aggregation are anxious to wipe out the remembrance of their last two defeats at the hands of the Edmonton team.

—Jas. Gibbons, of the Stoney Plains Agency, is in the city today. The wheat and barley in that district is all cut and is a splendid crop. The agency has about five hundred acres of first-class wheat which is all in stock. The crops, though a little late, are heavy, and promise to yield well. The sample of the wheat and barley is the best for years.

—Thomas Dunean, Canadian immigration agent in London, arrived last night on a tour of the Northwest. He has visited the country along the Prince Albert railway, including Regina, Saskatoon and Prince Albert, and will go south by train tomorrow. Mr. Dunean is an old timer in Manitoba, having settled in Southwestern Manitoba in 1872.

—J. L. Haycock, of Kingston, well known in Ontario in connection with the Patron Movement, is making a trip through the West. He is at present visiting at points along the Calgary and Edmonton line and is greatly enthused with the spirit of the West. He expects great things from Western Canada.

—Free Press: The town of Saskatoon itself is steadily forging ahead, and the fact that one contractor has purchased twenty carloads of lumber to fill his own contracts, is ample proof of the town's growth. At a mass meeting of the citizens on Tuesday evening it was decided to raise funds for the erection of a general hospital. One thousand dollars has already been subscribed, and no trouble is anticipated in raising the necessary balance.

—Battleford Times, August 19.—A long looked for event occurred on Sunday, when the Hudson's Bay steamer Saskatchewan arrived in Battleford from Prince Albert. The trip was made in good time considering the fact that it is eight years since the last steamer came up the river from Prince Albert. A large number of our citizens went down to inspect the steamer and were shown every courtesy by Captain Isherwood and his general staff. The steamer was loaded with freight for Fort Pitt.

—Prince Albert Times, August 25.—If we cannot have any excitement here in any other way, the prisoners at the local jail are quite willing to accommodate us. Another escape from

the tolls has been recorded and this time Krofenko figures, for a second time in three months, in a heavy and so far successful attempt. A number of prisoners were engaged on the brick work for some new cells, when Krofenko, during a momentary directing of some part of the work by the guard, grabbed a ladder and in a trice was over the yard wall and into the woods. The R.W.M.P. have a force searching for the missing man but so far have been unsuccessful in capturing him.

—Calgary-Albertan, Aug. 31: John Linham, of Okotoks, returned to his home at the end of last week. He brought with him from the old wells forty-five miles to the south-west of Pincher Creek, where he has been on business for several days, a five gallon tin of the crude oil from the well. He expects good results in the near future, as the results so far have been most excellent. R. L. Corey, who built the elevator at Okotoks, has succeeded in securing a bonus of \$3,000 from the farmers and ranchers at Leavings, and he will proceed with the construction of a 35,000 bushel elevator immediately. Jules Ricart, the mining expert and Surveyor Patrick have been investigating the Sheep Creek district, and the coal lands there, and report very favorably of them.

—Moosehead Speculator: When the Railway Commission met at Regina recently a decision was given definitely, decisively and in double quick time. The question of a certain street crossing was understood by the Commissioners to be slated for consideration, and the Commissioners having examined the said crossing came to the conclusion on the spot that the public were entitled to protection. The Hon. Mr. Blair, as soon as the Commissioners met for business stated that an order had been issued for the placing of a bell at that point. Mr. Whyte for the C.P.R., pleaded that the city should bear half the cost of installing the bell which would cost some \$350. Mr. Blair replied in courteous terms but emphatically ordered the bell to be placed in position at the expense of the railway company. That decision looks like business, and shows that the Railway Commissioners are alive to their duties. The promptness with which that decision was rendered suggests the wisdom of personal observation and investigation of complaints by the Commissioners themselves, as in that case a personal investigation was worth whole hours of evidence-taking and whole bundles of stenographers' copy.

PERSONAL

W. S. Boyd arrived in the city last night from Algonquin, Ont.

W. J. Crafts returned to the city last night.

Jas. Gibbons, of Stoney Plains, is in the city today.

Mrs. Rebecca Hume returned to the city last night.

Superintendent Niblock was in Strathcona, yesterday in his private car.

Oscar Hietu left this morning for Montreal to continue his studies at college.

Jas. McKernan has returned from a trip through the country southeast of Edmonton.

Mr. and Mrs. V. C. Dames, of Wetaskiwin, arrived in the city last evening.

George H. Lodel, of the University of Chicago, arrived in the city last night.

Mrs. Hume will be at home on the second Thursday of each month to her friends.

Father Lohue returned to the city last night from a month's visit to southern Alberta.

W. H. Phillips has bought out the barber shop and bath business of Ben Phillips, and takes possession Monday.

Dr. Whitelaw is expected to return from attending the Medical Association sessions in Vancouver, this evening.

Mrs. Rebecca Hume and family returned last night from Vancouver, where they have been spending the last two months at the beach.

Mr. and Mrs. Vernon W. Barford arrived in the city last night from spending their honeymoon at different eastern points and at Banff.

Mr. Arthur Robertson, who was principal of the Edmonton branch of the O'Sullivan business college last session, will probably be in charge of the Calgary branch this fall.

Mrs. Arthur Mowat and the Messrs. Margaret and Abigail Mowat, arrived in the city last evening. Mr. Mowat and family have taken up their residence on Eighth street west, south of Hardisty.

John Lang, M.P. for East Peterborough, is in Edmonton today in the course of an extended trip through the West. This is Mr. Lang's first visit to Edmonton.

He is staying with W. J. Carter, Second street, and while here will visit the surrounding country districts.

Mr. and Mrs. P. Appleby, of Pembroke, Ontario, arrived in the city last night on a visit to Mr. Appleby's brother, J. A. Appleby, of this city. Mr. Appleby is section foreman for C.P.R. at Pembroke. He has greatly enjoyed his trip through the West, the progress of the country generally being a great surprise to him.
